backing

2 ~ 20 1/2" x 15" 5/8 yd (0,60 m)

## cushion top assembly :

on cutting board or design wall distribute the rectangles according to your preferences

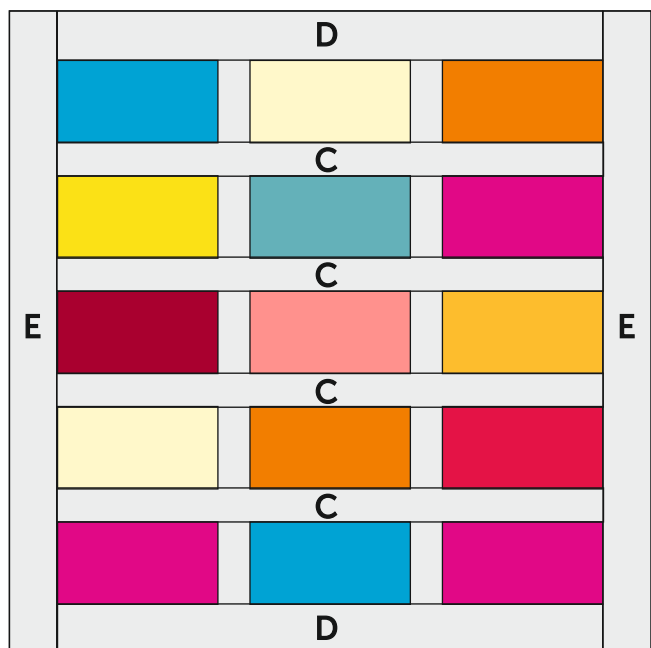

sew rows together: A, B, A, B, A - refer to diagram, press seams open

sew to the finished rows strips C and D,  
press seams open  
attach strips E, press seams open

lay the muslin wrong side up, wadding and cushion top, pin or baste with needle and thread to make a quilt sandwich

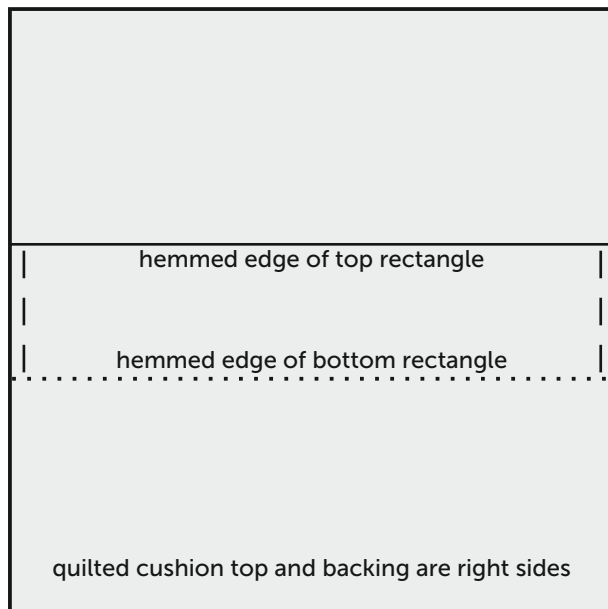

machine quilt as desired: with a straight line or a free motion pattern

trim the muslin and wadding to match the cushion top: 20 1/2" x 20 1/2"

## complete the cushion cover

cut two backing rectangles 20 1/2" x 15"  
fold the short edges of one side under twice  
1/2" and sew them

take the quilted cushion top and lay it right  
side up, place both rectangles on top of it and  
create a square the same size as the front  
pin through all layers  
check before sewing: top and bottom should  
be facing right sides together

sew around the edges with a 1/4" seam  
trim the corners and zig zag stitch around the  
edges to prevent fabric fraying

turn inside out and insert a cushion form  
through the opening in the back
